V. TIMED AGENDA ITEMS

A. 9:02 AM HEATHER LEMIEUX- FINANCE & TAXPAYER SERVICES

1. Review of the 2022 County audit with CliftonLarsonAllen and request authorization to publish the County's 2022 Summary Financial Statements and Vendor List.

Assistant Finance Director Heather Lemieux and Certified Public Accountant (CPA) Kristen Houle of CliftonLarsonAllen presented to the board the 2022 audit. The audit included internal control, single audit, Minnesota legal compliance and financial results.

The internal control had one material weakness in adjusting journal entries and no significant deficiencies. The single audit tested three major programs and had no material weakness and one significant deficiency in lack of procurement documentation for the Supplemental Nutritional Assistance Program (SNAP). Minnesota legal compliance did not have any weaknesses or deficiencies.

The financial results included that Wright County has six months of expenditures in fund balance, the recommendation is no less than three to five months. It is the fifty year in a row that expenditures have exceeded revenues and 2022 saw a $815,000 decrease in revenue and a $3.2 million decrease in expenditures.

Holland moved to approve the review of the 2022 County audit with CliftonLarsonAllen and authorize publishing the County's 2022 Summary Financial Statements and Vendor List. The motion was seconded by Schoen. The motion passed 5-0.

Aye: 5; Nay: 0; Abstain: 0; Absent:0; Recused: 0

B. 9:22 AM ROSS DEMANT- PARKS & RECREATION

1. Approve Entering Into an Agreement with the City of Buffalo to Develop an Archery Range at H. Eagle Roost Park.

Parks and Recreation Director Ross Demant said that Wright County was approached by the City of Buffalo to jointly develop an archery range at H. Eagle Roost Park, which is currently natural park. Demant said that most of the cost would be covered by the City of Buffalo, with the county's expenses being to provide garbage and toilet services, and technical expertise.

Diedrick moved to approve entering into an agreement with the City of Buffalo to develop an archery range at H. Eagle Roost Park. The motion was seconded by Schoen. The motion passed 5-0.

DRAFT

Aye: 5; Nay: 0; Abstain: 0; Absent:0; Recused: 0

2. Accept Bid, Award Contract, and Authorize Signatures for the Installation of Cross-Country Ski Lights at Robert Ney Regional Park.

Demant said that this project will provide 74 lights around the trail at Robert Ney Regional Park designated as the "Trail Loop". This loop is almost a full mile and is the primary looped used by people skiing at Ney Park and renting skis and snowshoes. These lights will be on a timer which will automatically turn on at sundown and turn off at 10:00 p.m.

Bids were received on Monday, July 11, 2023 and reviewed by Demant. Upon review it is recommended to accept and award the project to SP Electric in the amount of $268,995.89, which is within the $300,000 budget.

Schoen moved to approve accepting the bid, awarding the contract and authorizing signatures for the installation of cross-country ski lights at Robert Ney Regional Park. The motion was seconded by Holland. The motion passed 5-0.

Aye: 5; Nay: 0; Abstain: 0; Absent:0; Recused: 0

The Board took a recess from 9:51a.m. - 10:00 a.m.

C. 10:00 AM PUBLIC HEARING- COUNTY DITCH #31

1. Public Hearing on the Repair Report for Phase #2 Repairs of County Ditch #31 under Minnesota Statute 103E.715 on July 25, 2023 at 10:00AM.

Agriculture and Drainage Coordinator Matt Detjen gave a summary of the background of County Ditch #31 (CD 31) and Phase #1 of repairs. CD 31 was established in 1917 and has had limited repair activity since establishment. In 2016, a culvert under Fillmore Avenue SW was replaced and considered a repair under drainage law. This work led to a disagreement on whether this activity was considered a repair and raised concerns over Ruckles Lake upstream.

In 2017, the Drainage Authority made an order to complete a Reestablishment of Records on CD 31 as records establishing the alignment, profile, and right-of-way were lost. In 2019 the Drainage Authority adopted the Reestablishment of Records submitted by Houston Engineering Inc.

In 2020, the Drainage Authority adopted an order directing full systemwide repairs on CD 31 after a repair petition was filed pursuant to Minnesota Statute 103E.715. Prior to this, the Department of Natural Resources (DNR) submitted a Data Practices Act request on January 27, 2020 to review documents regarding CD 31. The DNR responded to the order

disagreeing with the proposed repair and a Joint Panel was created under Minnesota Statue 103E.701 Subd. 2. to determine the repair depth and recommend this to the Drainage Authority.
The joint review panel included, James Bedell, MnDNR, Luke Johnson, Wright Soil Water Conservation District, and Joe Lewis, Houston Engineering.

Four repair alternatives were submitted for review as a part of this report, and staff met with Kaczmarek to review and discuss potential options. Alternative four was identified through this process as the best option to maintain the Ruckles Lake water levels while also provided drainage benefits. Staff was directed to split repairs into two phases at this time. In 2022 the Wright County Highway Department completed the replacement of the culvert under CSAH 8 along CD 31 as ordered in preparation for repairs.

Comments on the project were received from Dan Lais, the DNR Central Region Manager- Ecological & Water Resources Division, Waldermar Kern, a benefitted landowner on CD 31 and Andrew Grean regarding questions from Mel Millerbernd, a benefited landowner on CD 31.

Kaczmarek asked if any of the cost for engineering has been passed onto landowners from Phase 1. Detjen said that the cost is assessed to landowners and is currently pending.

Detjen said that the county has never completed an excavation project like this through a wetland. It will need to be excavated approximately every 10 years due to vegetation regrowth. A herbicide treatment could be used, but there would be a recurring treatment cost. Option four would offer the best value and most practical repair option.

Commissioner Darek Vetsch opened the public hearing at 10:40

Charlie Borrell 4359 70th St. SW Waverly, MN 55390
Borrell said that seven years ago, members of the community came to the board and said that the culvert was failing. It was an emergency repair and the township put a tube in but it was laid on top of the silt instead of digging down. Borrell said that he is not a benefited landowner of CD 31 but being a past board member he wanted to state that boards prior to his or any current members terms neglected their job. The ditches were not cleaned or maintained. Borrell also said that the DNR did an ordinary high-water mark that came out higher than the road on Fillmore, showing that its work is not accurate.

Mel Millerbeird 8744 Dempsey Ave. SW, Waverly MN 55390
Millerbeird asked if Phase 1 was complete and said that he is not satisfied with the final grading. Vetsch said that public comment is currently open to topics germane to Phase 2 and to connect with Detjen after the meeting.

Doris Schindel 5743 85th St. SW, Waverly MN 55390

Schindel asked for clarification on option four. Detjen said that the work will start at Fillmore and go to CSAH 8 and will include the laterals but there will be no excavation upstream of Fillmore into Ruckles Lake.

Waldamar Kern 4955 CSAH 30 SW, Waverly MN 55390
Kern stated the Minnesota statue- definition of public waters. Ruckles Lake has been legally drained and is listed as park according to Planning and Zoning. Kern said that he has lived at his address for 40 years. In the past, Kern and a neighbor have cleaned out the ditch with their own tractors to help keep it flowing. Now the ditch and Kern's pasture are considered public land and what happens in Phase 2 will directly affect him. Kern said that he started with 126 acres, which he is paying taxes on, now according to the map he has 26 acres left and lakeshore property. Legally Wright County is supposed to maintain the ditch. Kern said that it is not public waters, he owns and pay taxes on the land.

Kaczmarek said that he has spoken to Kern prior to the meeting and that Kern would like the board to choose the repair that would drain Ruckles further and suggested that Phase 3 could be created to review Ruckles Lake.

Kern said that he doesn't need the lake drained. His main point is that he doesn't want people coming on his land. He is looking for his land back and have it not be considered public land.

Vetsch closed public hearing 11:06.

Vetsch said that the preferred staff alternative is option four and that it was articulated through the public comment that there was comfortability with option four.

Kaczmarek said that he received a suggestion to have evening meetings for people that work. Another point that was brought up to Kaczmarek was that the original purpose for ditches was to drain meadows and pastures. Large farms are now draining other waters that ditches weren't designed for. Kaczmarek said that there is room to look at processes and redefine intent of the Drainage Authority. He made a motion to approve option four and requested that landowner private crossings are not assessed to everyone.

Kaczmarek moved to direct staff to prepare an order on the acceptance of Phase 2 repairs and the bid alternates from option four at the base bid of $102,242 through Ashwell Companies for the public drainage system repair report and to continue the matter for the purpose of considering and adopting an order no later than August 15, 2023. The motion was seconded by Holland. The motion passed 5-0.

Aye: 5; Nay: 0; Abstain: 0; Absent:0; Recused: 0

D.* A 1. Administration- Appoint Chad Hausmann As Highway Engineer, Four Year Term Effective January 22, 2024, to April 30, 2028

County Administrator Lee Kelly said that the Personnel Committee made a recommendation to appoint Chad Hausmann as the Highway Engineer effective January 22, 2024, with the retirement of the current Highway Engineer, Virgil Hawkins. Assistant County Administrator Marc Mattice said that Assistant Highway Engineer Chad Hausmann is a current employee of Wright County with 26 years of professional engineering experience, and 24 of those years in a supervisory role.

Holland moved to approve the appointment of Chad Hausmann as Highway Engineer. The motion was seconded by Schoen. The motion passed 5-0.

Aye: 5; Nay: 0; Abstain: 0; Absent:0; Recused: 0

E.* C 4. Finance- Approve Application Of Clearwater Legion-Legion Riders For A Large Group Assembly Permit For Event On July 29, 2023 Contingent on Approval from County Attorney.

Kaczmarek said that the application was missing some supporting documentation and there are outstanding items that need attention. Owner/Operator of Up the Creek Grill and Bar Jen Doherty said that this event would include a live band on a stage that has a back, sides and roof to help mitigate sound travel. The stage would be located on the property of Up the Creek and the open side of the stage would face the establishment. There was discussion regarding items that need attention. Those items include providing a diagram of adequate off-street parking, a contracted ambulance onsite and the Sheriff's contract extending at least one-half hour after last call. Vetsch asked for these items to be submitted no later than end of day Thursday, July 27, 2023.

Kaczmarek moved to approve the application of Clearwater Legion-Legion Riders for a large group assembly permit for event on July 29, 2023, contingent on approval from the County Attorney and the conditions listed, no later than end of day Thursday, July 27, 2023. The motion was seconded by Schoen. The motion passed 5-0.

F.* E4. Human Resources- Approve and authorize signatures on a Memorandum of Agreement (MOA) with the Wright County Deputies Association (WCDA) for the 2023-2025 collective bargaining agreement.

E5. Human Resources- Approve and authorize signatures on a Memorandum of Agreement (MOA) with MNPEA for the 2023-2025 collective bargaining agreement.

Diedrick said that she pulled this item to show that the County Board prioritizes and knows the importance of public safety. Diedrick asked Sheriff Sean Deringer to speak on the MOA. Deringer said that at the time

DRAFT

he approached the board in April 2023, the Sheriff's office was down 16 deputies, 11 correction officers and three dispatchers. Currently the Sheriff's Office has full staffing for deputies and dispatch, and four open positions in corrections, with multiple prospects. He said his office is continuing to move in a very positive direction. Deringer thanked the board for its willingness to listen and said that he is very proud of what Wright County has to offer.

Diedrick said that she appreciated how well thought out the MOAs were and thanked Deringer for valuing his staff and for the protection the Sheriff's Office gives to the people of Wright County.

Kaczmarek said that he would like to recognize the "thank you" that the board received from the Wright County Deputies Association. It was appreciated.

Diedrick moved to approve signatures on MOAs with the WCDA and MNPEA. The motion was seconded by Schoen. The motion passed 5-0.

Aye: 5; Nay: 0; Abstain: 0; Absent:0; Recused: 0

VI. ITEMS FOR CONSIDERATION

A. ADMINISTRATION

1. Schedule a Committee of the Whole to Discuss Wright County Economic Development Partnership

A COTW has been scheduled for 11:00 a.m. Tuesday, August 8, 2023.

COMMITTEE OF THE WHOLE

JULY 26, 2023

DATE APPROVED:

Members Present: Tina Diedrick, Nadine Schoen, Darek Vetsch, Jeanne Holland, Michael Kaczmarek

Others Present: Lee Kelly, Lindsey Meyer, Sean Deringer, Matt Treichler, Phil Kern, Steve Bot
Remote: Greg Kryzer

THESE MINUTES ARE IN DRAFT FORMAT AND REQUIRE APPROVAL BY THE COUNTY BOARD

I. Law Enforcement Services Contracts

Chief of Civil Greg Kryzer said that the comments regarding the revised Law Enforcement Services Contract received from the cities of Wright County were centered on item 1B, what services will be enforced or prosecuted. Kryzer clarified that the County will not be prosecuting municipal ordinances. The Sheriff's office will continue to operate as it currently is, issuing a citation and referring to the City Attorney.

Sheriff Sean Deringer said that there was concern from Cities regarding the timeline for auto-renewal of the contract. It was agreed upon that the Sheriff would provide their hourly rate no later than August 1 of any given year, and the deadline to provide notice to terminate the agreement during or prior to the renewal term would be moved to September 15th.

Phil Kern with the City of Delano presented three items for consideration, including 1B, which Kryzer addressed at the beginning of the meeting and 7A, which the City of Delano fundamentally disagrees with. Kern said that the people of Delano elect officials to decide on the amount of law enforcement needed to keep the city safe, and that decision is now at the hands of the County.

Commissioner Michael Kaczmarek commented on 7A stating that when he worked for the Sheriff's office, he was covering and area of 240 square miles. There were cities that weren't paying for coverage but received the Sheriff response regardless. Kaczmarek said that the Sheriff, who was elected by people, has chosen these rules. He should be trusted to choose the hours of service needed for our community. The Sheriff is data driven in determining necessary hours and he asked what a city would use to determine hours needed.

Kaczmarek asked what happened to the catastrophic clause. Deringer said that he requested it to be removed stating that it is statutory for the Sheriff to investigate felonies and he would not be interested in charging a city the time to investigate.

Discussion was had as to when the Sheriff will step in on an ordinance violation. Deringer said it would be the same as always, once the city has done their part with a written notice or other first steps required, the Sheriff's office would still enforce and issue a citation. Deringer also said that attorneys have been much more successful with issuing civil penalties for ordinance violation versus criminal penalties.

Kryzer verbally offered language changes to this section, and they were agreed upon. These will be put into a final document that will be presented for the August 1st board meeting.

RECOMMENDATION: Move forward with the verbally agreed upon language changes and bring the contract to the County Board meeting on August 1 for adoption.

II. Hennepin County/US Bank Stadium Contract

Deringer said that he is looking for the board's approval in continuation of contracting with Hennepin County and US Bank Stadium as well as an updated contract rate. Deringer said that staff has enjoyed working the shifts at US Bank Stadium. There are 100's of shifts scheduled between now and the end of the year, and all but four or five are filled. This opportunity offers staff to earn additional income and a policy is in place that they are not allowed to work a Wright County shift directly before or an event shift.

Deringer proposed a contracted rate of $95/hour, saying that the highest amount the County would pay for a sergeant working at the highest level would be $89/hour and that the cities contracted rate is not applicable because of items such as prosecution, squad cars, computers, etc. Wright County would also be reimbursed mileage at the federal rate, amounting to approximately $40,000 for the year.

RECOMMENDATION: Continue contracting with Hennepin County and US Bank Stadium at a revised rate of $95/hour.

III. Authorize Over Comp for Sheriff Office Tech II Position

Deringer discussed current staffing in the clerical area of the Sheriff's office and noted challenges with employees out on medical leaves. Deringer asked to hire one additional Office Technician II position over the approved position count. This would allow the newly hired employee time to be trained prior to a vacancy occurring.

RECOMMENDATION: Authorize temporary over comp of one Office Tech II position in the Sheriff's office.

2. **MARK D. JOHNSON** – Cont. 5/4 & 6/1 & 6/29

LOCATION: xxxx Pleason Ave NW – SE 1/4 of SW 1/4, Section 9, Township 120, Range 28, Wright County, Minnesota. (French Lake Twp.) Tax # 209-000-093400 Property Owners: Mark D & Jodene M Johnson

Petitions to rezone the entire 34.65 acres from General Agricultural (AG) to Agricultural/Residential (AR) as regulated in Section 155.028, 155.047 & 155.048, Title XV, Land Usage & Zoning of the Wright County Code of Ordinances.

Present: Mark Johnson

A. Rhineberger – applicant is requesting a rezone of the property from General Agriculture (AG) to Agricultural/Residential (AR) with current goal of only one buildable site. The Commission continued this item so the applicant could meet with French Lake Township. Although staff has not seen the formal Township response, email correspondence with the clerk indicated that the Township has approved, and their response will be submitted by the applicant. The Wright Soil and Water Conservation District has responded that the driveway entrance appears to be through a low area, which will need to be addressed at the subdivision phase.

B. No additional comments from Johnson or the public.

C. Mahlberg moved to recommend approval to the County Board of Commissioners to rezone PID #209-000-093400 from AG-General Agriculture to AR-Agricultural/Residential because it finds the property is aligned with the goals and policies of the NW Quadrant Land Use Plan and the Township approves. Felger seconded the motion.

VOTE: CARRIED UNANIMOUSLY

2. **MARK D. JOHNSON** – Cont. 5/4 & 6/1 & 6/29

LOCATION: xxxx Pleason Ave NW – SE 1/4 of SW 1/4, Section 9, Township 120, Range 28, Wright County, Minnesota. (French Lake Twp.) Tax # 209-000-093400 Property Owners: Mark D & Jodene M Johnson

Petitions to rezone the entire 34.65 acres from General Agricultural (AG) to Agricultural/Residential (AR) as regulated in Section 155.028, 155.047 & 155.048, Title XV, Land Usage & Zoning of the Wright County Code of Ordinances.

(A) The property is a 34.65-acre site that is located along Pleason Ave NW in French Lake Township. The property is zoned General Agriculture (AG) and is designated in the Northwest Quadrant (NWQ) Land Use Plan as Rural Residential. In March 1994, the lone building entitlement on the property was transferred to create an additional building site on the quarter-quarter to the northwest.

(B) The applicant is requesting a rezone of the property from General Agriculture (AG) to Agricultural/Residential (AR). The applicant wants to make the property into only one buildable site currently.

(C) Although staff has not seen the formal Township response, email correspondence with the clerk indicated that the Township has approved, and their response will be submitted by the applicant. The Wright Soil and Water Conservation District has responded that the driveway entrance appear to be through a low area, which will need to be addressed at the subdivision phase.

(D) The NWQ Land Use Plan states: *Rural Residential - Designates those areas where a combination of agriculture, hobby farms and very large lot residential areas is deemed appropriate. The purpose is to provide a buffer between agricultural and other uses, and also to provide housing opportunities in a rural environment where large lot sizes and the rural atmosphere will be maintained. Existing land types may include large wooded areas, non prime farmland, pasture and other lands in areas not well suited to long term agricultural uses. Appropriate zoning may include Agricultural, Agricultural Residential, or, in unique circumstances, R-2(a). Rezoning from Agricultural to Agricultural Residential will be considered on a case by case basis, and not considered to be automatic, with the need for residential land, effect on nearby agricultural operations, the timing of the proposal in light of land uses in the area, and plan policies being prime considerations.*

(E) Currently, the adjacent properties in all directions are zoned AG-General Agriculture. However, there are six lots with Suburban Residential (R-2a) zoning about a quarter mile to the northwest. Additionally, about a third of the mile to the northwest of the property, there are two parcels zoned AR-Agricultural Residential.

ACTION – The matter was continued so the applicant could meet with French Lake Township, which has been completed and approval has been indicated. If the Commission is comfortable with the request, staff would recommend a motion **to recommend approval to the County Board of Commissioners to rezone PID209-000-093400 from AG-General Agriculture to AR-Agricultural/Residential because it find the property is aligned with the goals and policies of the NW Quadrant Land Use Plan.**

However, if the Commission finds the property is not well suited for rezoning at this time, staff would recommend a motion **to close the public hearing, continue the matter to August 10, 2023, and direct counsel to prepare findings, based on the record and discussion, consistent with the denial of the request to rezone.**

Subject: Mark Johnson & Gary Lantto - Rezoning Requests

Good morning,

I am following up with two separate rezoning requests that are on the agenda for the July 20th Planning Commission meeting.

One is for Mark Johnson at parcel ID 209-000-093400. The request is to rezone the entire 34.65-acre property from General Agriculture (AG) to Agricultural/Residential (A/R). The other request is for Gary Lantto at PID 209-000-091100. The request is to rezone the northern 10 acres of the property from General Agriculture to Agricultural/Residential (A/R).

Has either of these applicants reached out to the Township? If so, does the Township have a response to either request?

Best Wishes,

Josh Butteris • Planner

Petitions to rezone the northern 10 acres of the property from General Agriculture (AG) to Agricultural/Residential (A/R) as regulated in Sections 155.028, 155.047 & 155.048, Title XV, Land Usage & Zoning of the Wright County Code of Ordinances.

Present: Gary Lantto

A. Rhineberger – property is a 60-acre farm site that is located along Peyton Ave NW and in French Lake Township. The property is zoned General Agriculture (AG) and is designated in the Northwest Quadrant (NWQ) Land Use Plan as Rural Residential. In September 1985, a farm accessory mobile home was placed on the part of the property that sits on the southwest corner of the intersection at 47th Street NW and Peyton Ave NW. As of November 2019, the farm has 48 animal units of dairy cows. The applicant is requesting a rezone of the northern 10 acres of the property from General Agriculture (AG) to Agricultural/Residential (AR). There is a current homesite, plus the farm accessory mobile home, on the property. The applicant is hoping to create another homesite by dividing off the northern 10 acres. Township indicated approval of the request with their response provided in the Staff Report.

B. Lantto and the public had no comment.

C. Bravinder questioned if the Township provided any comments with Rhineberger stating just the approval.

D. Mol – confirmed the property is in the Land Use Plan for rezoning to A/R. Rhineberger displayed the current zoning map and described zoning of the area with comment that this request fits in with the zoning and development of the area.

E. Mahlberg questioned why only 10 acres and not the full parcel. Lantto – due to the estate and agreement with family they are looking to only divide off a small area and keep the rest in farm operation. Mahlberg – the entire area could be rezoned and still farmed. Lantto – goal is to keep the rest as Agriculture. He currently operates and will continue to operate the family farm.

D. Bravinder moved to recommend approval to the County Board of Commissioners to rezone the north 10 acres of PID #209-000-091100, as shown on the plans submitted by the applicant, from AG-General Agriculture to AR-Agricultural/Residential because the property is aligned with the goals and policies of the NW Quadrant Land Use Plan and the Township approves. Motion seconded by Holland.

VOTE: CARRIED UNANIMOUSLY

3. **GARY LANTTO** – New

LOCATION: 4830 Peyton Ave NW – East 1/2 of the SW 1/4 of the NE 1/4 and the NE 1/4 of the NE 1/4 , Section 09, Township 120, Range 28, Wright County, Minnesota. (French Lake Twp.) Tax # 209-000-091100 Property Owners: Matt A & Shirley A Lantto

Petitions to rezone the northern 10 acres of the property from General Agriculture (AG) to Agricultural/Residential (A/R) as regulated in Sections 155.028, 155.047 & 155.048, Title XV, Land Usage & Zoning of the Wright County Code of Ordinances.

(A) The property is a 60-acre farm site that is located along Peyton Ave NW and on the corner of 47th Street NW in French Lake Township. The property is zoned General Agriculture (AG) and is designated in the Northwest Quadrant (NWQ) Land Use Plan as Rural Residential. In September 1985, a farm accessory mobile home was placed on the part of the property that sits on the southwest corner of the intersection at 47th Street NW and Peyton Ave NW. As of November 2019, the farm has 48 animal units of dairy cows.

(B) The applicant is requesting a rezone of the northern 10 acres of the property from General Agriculture (AG) to Agricultural/Residential (AR). There is a current homesite, plus the farm accessory mobile home, on the property. The applicant is hoping to create another homesite by dividing off the northern 10 acres.

(C) Although staff has not seen the formal Township response, email correspondence with the clerk indicated that the Township has approved, and their response will be submitted by the applicant.

(D) The NWQ Land Use Plan states: *Rural Residential - Designates those areas where a combination of agriculture, hobby farms and very large lot residential areas is deemed appropriate. The purpose is to provide a buffer between agricultural and other uses, and also to provide housing opportunities in a rural environment where large lot sizes and the rural atmosphere will be maintained. Existing land types may include large wooded areas, non prime farmland, pasture and other lands in areas not well suited to long term agricultural uses. Rezoning from Agricultural to Agricultural Residential will be considered on a case by case basis, and not considered to be automatic, with the need for residential land, effect on nearby agricultural operations, the timing of the proposal in light of land uses in the area, and plan policies being prime considerations.*

(E) Within a half mile of the property, a 9-buildable lot AR PUD with two restricted outlots with the existing farmsteads named Alemkenina Acres exists to the north. Additionally, there are 4 AR-zoned properties across Peyton to the west and northwest of this proposed northern 10-acre homesite.

ACTION – Since this is the first hearing on the rezoning request, staff will be looking for direction from the Commission on how they would like to proceed. If the Commission is considering rezoning, a discussion regarding the farm accessory mobile home is needed. Farm accessory mobiles require that "farm employment must be the primary occupation of the resident of the mobile home or structure…". The need for the mobile to remain should be explained and justified prior to approval of a rezoning. Additionally, this request is to rezone only a portion of a property, essentially to create a de-facto subdivision. Discussion should be had whether only a portion of the property or the entire parcel should be rezoned. As with many rezonings, a site inspection may be desired.

Objective *
To assist with retention of current employees through increasing the minimum rate of pay for Sergeants, deputy Sheriff, Correction officers, and communication officers.

Description *
The proposal includes all staff holding the position of Sergeant, Deputy Sheriff, Senior Deputy, Civilian Corrections Officer, or Senior Civilian Communications Officer. We recommend minimum rates of $39 for Sergeants and Deputies, $31 for correction officers, and $30 for communication officers. We also recommend an increase of 3% for all staff with wage rates falling above the new proposed minimum. All identified staff will receive a minimum of $6,000, either through the wage adjustment or through stipend. Any staff member not receiving the minimum $6k payment through wage adjustment will receive a stipend in 3 equal payments.

Eligibility and Requested Funding

American Rescue Plan – Fiscal Recovery Funds – Expenditure Category *

3.3 Public Sector Workforce: Other

American Rescue Plan – State & Local Fiscal Recovery Funds Eligibilty *

The proposed program is eligible under ARP-SLFRF, as funds can be used to build public sector capacity, including hiring public sector workers and providing retention incentives.

Currently, Wright County has 145 deputy and senior deputy positions, and are staffed at 89%. In the last six months, they have had about 8% turnover of these budgeted positions. In this time period, approximately 50% of deputies who have left Wright County cited wages as their reason for leaving. Additionally, neighboring Sherburne County recently implemented a pay increase for licensed peace officers, which will likely draw current and prospective employees away from Wright County if similar retention incentives are not put into place.

Wright County has experienced 14% turnover of budgeted positions for civilian and senior civilian corrections officers in the last six months, and is currently 79% staffed in this area. Civilian and senior civilian communication officers positions have turned over 5% in the past six months, and is 87% staffed. Sherburne County wages for similar positions are in line with Wright County's; however by increasing wages and creation a retention incentive, Wright County will be able to remain competitive on recruiting and retaining these critical positions.

Is the proposed program eligible for funding under the American Rescue Plan - Fiscal Recovery Fund guidelines?

(●) Yes ( ) No

Narrative:
See email from D. Green dated 4/25

If the County can provide some form of documented assessment that the retention bonus is necessary based on alternative offer of employment for an employee (think market compensation studies or even documented proof of high turnover with exit survey's saying pay is too low) and if the retention incentive pay is under 10% for a classification of employees, then it is eligible.

For retention incentive pay under EC 3.2 Rehiring Public Sector Staff there is a specific two-part eligibility test:

1. "Recipients must be able to substantiate that the employees were likely to leave employment in the absence of the retention incentive and should document their assessment. For example, a recipient may determine that a retention bonus is necessary based on the presence of an alternative employment offer for an employee. All worker retention incentives must be narrowly tailored to need and should not exceed incentives traditionally offered by the recipient or compensation that alternative employers may offer to compete for the employees."

2. "Treasury will presume that retention incentives that are less than 25 percent of the rate of base pay for an individual employee or 10 percent for a group or category of employees are reasonably proportional to the need to retain employees."

Final Rule Citations:
Page 179
"The final rule allows for an expanded set of eligible uses to restore and support public sector employment. Eligible uses include hiring up to a pre-pandemic baseline that is adjusted for historic underinvestment in the public sector, providing additional funds for employees who experienced pay cuts or were furloughed, avoiding layoffs, providing worker retention incentives, and paying for ancillary administrative costs related to hiring."

Page 184
"Retaining workers. Funds may be used to provide worker retention incentives, which are designed to persuade employees to remain with the employer as compared to other employment options. Recipients must be able to substantiate that the employees were likely to leave employment in the absence of the retention incentive and should document their assessment. For example, a recipient may determine that a retention bonus is necessary based on the presence of an alternative employment offer for an employee. All worker retention incentives must be narrowly tailored to need and should not exceed incentives traditionally offered by the recipient or compensation that alternative employers may offer to compete for the employees. Further, because retention incentives are intended to provide additional incentive to remain with the employer, they must be entirely additive to an employee's regular rate of wages and other remuneration and may not be used to reduce or substitute for an employee's normal earnings. Treasury will presume that retention incentives that are less than 25 percent of the rate of base pay for an individual employee or 10 percent for a group or category of employees are reasonably proportional to the need to retain employees, as long as the other requirements are met."

FAQ Citation:
2.15 Can I use funds to raise public sector wages and hire public sector workers?
"Yes. Under the increased flexibility of the final rule, SLFRF funding may be used to support a broader set of uses to restore and support public sector employment. Eligible uses include hiring up to a pre-pandemic baseline that is adjusted for historic underinvestment in the public sector, providing additional funds for employees who experienced pay cuts or were furloughed, avoiding layoffs, providing worker retention incentives, including reasonable increases in compensation, and paying for ancillary administrative costs related to hiring, support, and retention.

Under the set of eligible uses for public-sector rehiring, recipients may fill vacancies and add additional employees using SLFRF funds (see pages 4385-4387 of the final rule and pages 27-28 of the Overview of the Final Rule). Recipients have two options to restore pre-pandemic employment, depending on the recipient's needs. First, if the recipient simply wants to hire back employees for pre-pandemic positions, recipients may use SLFRF funds to hire employees for the same positions that existed on January 27, 2020 but that were unfilled or eliminated as of March 3, 2021. Recipients may use SLFRF funds to cover payroll and covered benefits for such positions through the period of performance.

Second, if the recipient wants to hire above the pre-pandemic baseline and/or would like to have flexibility in positions, recipients may use SLFRF funds to pay for payroll and covered benefits associated with the recipient increasing its number of budgeted FTEs up to 7.5 percent above its pre-pandemic baseline. Filling these roles may require recipients to increase wages and improve benefits above and beyond what they currently offer, especially in roles with historically low wages and acute staffing needs. This compensation would be an eligible use of SLFRF funds.
SLFRF funds also may be used to provide worker retention incentives, including reasonable increases in compensation to persuade employees to remain with the employer as compared to other employment options. Retention incentives must be entirely additive to an employee's regular compensation, narrowly tailored to need, and should not exceed incentives traditionally offered by the recipient or compensation that alternative employers may offer to compete for the employees. Treasury presumes that retention incentives that are less than 25 percent of the rate of base pay for an individual employee or 10 percent for a group or category of employees are reasonably proportional to the need to retain employees, as long as other requirements are met."

4.11 How does the end of the COVID-19 National Emergency, declared by the President in 2020, have an impact on the SLFRF program?
On March 29, 2023, Congress voted to terminate the National Emergency concerning COVID-19 that President Trump had declared in 2020 pursuant to the National Emergencies Act. This termination is effective as of April 10, 2023. The SLFRF final rule defines "COVID-19 public health emergency" by including reference to this National Emergency declaration, providing that the COVID-19 public health emergency is the "period beginning on January 27, 2020 and lasting until the termination of the national emergency concerning the COVID-19 outbreak declared pursuant to the National Emergencies Act (50 U.S.C. 1601 et seq.)."

Following the termination of the National Emergency, recipients generally will be able to continue to make investments using their SLFRF funds without changes, with the exception of projects in the premium pay eligible use category, as discussed below. Specifically:

- Premium Pay: The SLFRF statute and final rule provide that recipients can use SLFRF funds to provide premium pay to eligible workers performing essential work during the COVID-19 public health emergency, as defined in the final rule as the period ending when the COVID-19 National Emergency ends (i.e., until termination of the National Emergency described above). Accordingly, recipients may not use SLFRF funds to provide premium pay to essential workers for work conducted after the end of the National Emergency, which ended on April 10, 2023. Recipients may continue to use SLFRF funds to provide premium pay to essential workers for work conducted before the termination of the National Emergency. Recipients also may continue to use SLFRF funds to support workers through the public health and negative economic impacts eligible use category, discussed below.
-
- Public Health and Negative Economic Impacts: SLFRF recipients may continue to use funds to respond to the public health impacts or negative economic impacts of the COVID-19 pandemic. This eligible use does not require recipients' responses to be provided during the National Emergency. Under this eligible use category, recipients may continue to use SLFRF funds to support and expand the workforce, including by helping impacted workers enter in-demand careers, such as in health care and child care. Recipients may also use SLFRF funds to build

public sector capacity, including hiring public sector workers and providing retention incentives.

- Revenue Loss: The end of the National Emergency does not impact how recipients calculate revenue loss according to the formula articulated in the final rule. The end of the National Emergency also does not have an impact on how recipients claim up to $10 million in revenue loss under the standard allowance.
- Water/Sewer/Broadband: The end of the National Emergency does not have an impact on how recipients may use SLFRF funds under the water, sewer, and broadband infrastructure eligible use category.

Is the proposed program eligible for funding under other parts of the American Rescue Plan?

County Success Story

Minnesota Family Investment Program

Haylee started to receive MFIP benefits from CMJTS in 2020 when her son was born. Employment Specialist Krystal began to working with Haylee in June 2021. At this time, Haylee was only 22 years old, a single mom of a 1-year-old boy, and living in Buffalo. She did not have a driver's license, so transportation was limited to walking and the Trailblazer Transit.

Haylee began this journey on MFIP scared. Haylee's first words to Krystal when they first spoke were, "I do not know how to adult." Krystal assured Haylee that WE would get through this one step at a time. That is exactly what took place—small steps to a big success. Today, Haylee is working full time, is off MFIP, and is in the process of obtaining her driver's license.

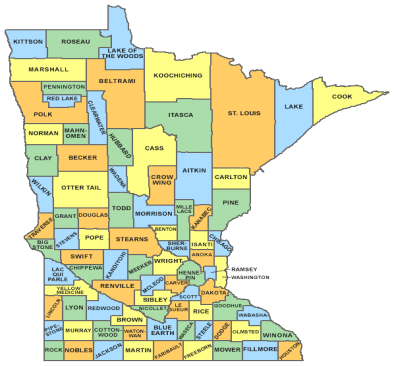
EMPLOYMENT AND ECONOMIC DEVELOPMENT

COUNTY PROFILE

Wright Co.



Wright Co. is a part of Economic Development Region 7W, which is located in the Central Planning Region.

POPULATION CHARACTERISTICS

2021 population: **144,845 people**

Wright Co. enjoyed a natural increase - more births than deaths from 2020 to 2021, but also experienced net in-migration - meaning more people moved in than moved out. In addition to domestic in-migration, Wright Co. welcomed net international in-migration - gaining new Minnesotans from foreign countries (see Table 1).

Workforce excellence is CENTRAL to all we do!

CMJTS
Central Minnesota Jobs and Training Services, Inc.

Central Minnesota Jobs and Training Services, Inc.
Workforce Development Board

Loren Nelson

Chair, CMJTS Workforce Development Board

President, Aurelius Mfg. Co., Inc.

As we look at historically low unemployment rates and ever-rising job openings to applicant ratios, some may feel that workforce development is becoming less critical. However, CMJTS and Minnesota's 16 Local Workforce Development Areas (LWDA) are uniquely positioned to make a huge impact on people's future and the economic future of our local areas. In the current economy, we see employers desperate for skilled workers and willing to be flexible and supportive of efforts to fit potential employees into their business operations, including diverse populations. This awareness provides a unique opportunity to develop cooperative programs combining the private sector resources with those from public programs. When workforce development boards, business, education, and community partners work together, we find solutions to help workers find opportunities to improve their skills and earning potential, assist local businesses in finding skilled workers, and generate significant progress toward training a more diverse and capable workforce.

Staff and leadership of CMJTS have continually shown their ability to find ways to bring these groups together to find win-win solutions for everyone. In spite of the headwinds from the public health crises, world events, and government bureaucracies, there is every reason to be optimistic that there are exciting, productive, months ahead and those months will deliver positive impacts for families and employers that pay dividends for generations to come.

As I retire this year, I hope this important work moves forward and we all keep in mind that as we try to find solutions, we learn far more from people that disagree with us than from those that already think the same as we do. There is no better way to test an idea than to defend and explain it to someone that may not agree with, or understand, the reasoning. So, as we build our purposeful partnership, we need to keep in mind that it is essential to have as diverse a group of participants as possible. We need representatives of different races, genders, ages, physical abilities, economic status, religions, educational levels, and political leanings present and fully included in the decision-making process to reach sound decisions.

Barbara Chaffee

Executive Director, CMJTS Workforce Development Board

CEO, Central Minnesota Jobs and Training Services, Inc. (CMJTS)

Year 2022 marks CMJTS' 38th year as a leader in workforce development serving an 11-county region. Our Local Workforce Development Board (LWDB), Joint Powers Board of Commissioners (JPB), and CMJTS staff provide leadership, vision, and advocacy for a thriving workforce in Central MN. They are the voice and ambassadors in the community promoting equity and inclusion, continuous improvement practices, concentrating on sector strategies, focusing on ensuring employers have access to a skilled workforce and support for a robust regional economy, and helping jobseekers obtain meaningful, satisfying employment while establishing strong employer relationships throughout the region.

However, changing labor market trends during the COVID pandemic changed how the boards and CMJTS staff delivered services. Many lessons were learned–*we are resilient and our services to our community do not stop even during a pandemic.* Technology became a key resource for serving local area businesses and jobseekers remotely.

Although productivity continued during COVID and CMJTS staff persisted in serving youth, adults, dislocated workers, public assistance clients, individuals with disabilities, BIPOC communities, and local businesses through virtual delivery, the number of jobseekers coming into CareerForce centers decreased significantly after opening our doors on July 15, 2021. Fear of exposure to COVID, women dropping out of the job market, lack of childcare, and absence of broadband across our region, are a few barriers to filling the worker shortage in MN for local employers. CMJTS swiftly responded to the needs and implemented virtual and in-person job fairs to connect employers with jobseekers.

CMJTS provides customer-focused employment and training services, virtually or in person, in our 14 locations for individuals and businesses throughout our region, matching jobseekers with job training resources that prepare them for self-sufficient jobs and matching businesses with qualified workers and resources to grow their businesses. This work is carried out through funding from federal and state employment and training grants, supplemented by discretionary grants and donations from individuals and foundations.

Mission: *To strengthen Minnesota communities through leadership in workforce excellence.*

Serving Chisago, Isanti, Kanabec, Kandiyohi, McLeod, Meeker, Mille Lacs, Pine, Renville, Sherburne, and Wright Counties

Adult Programs

CMJTS believes in an individualized approach to serving jobseekers and career-changers. Fear and lack of knowledge tend to be a person's biggest obstacle to making a career change. After an individual experiences job loss or unemployment, they often have no idea where to start or how to go about the career change process. This is where CMJTS can help. Services are tailored to the unique needs of the individual and include assessment of current skills and interests, help in determining choices in career options, access to earn-while-you-learn training opportunities, and tuition assistance for employment specialist-approved classroom training that supports the career goal.

Deanna came to CMJTS in 2018 after being laid off from her job as a supervisor in a weight loss clinic. Her goal was to find employment as a manager in a medical setting, but she lacked a credential and some of the medical skills needed to be competitive in her job search.

After some career exploration, it made sense to return to school to earn a credential as a medical assistant. She would learn hands-on medical skills and could work in a variety of areas within healthcare, and eventually back to a management position.

After 26 years, she found herself back in a classroom. When the instructor started talking about computers and e-books, she panicked. She didn't own a computer. She spoke to her family about this. Her 16-year-old daughter, without hesitation, offered her the $500 Best Buy gift card she earned selling Girl Scout cookies. Deanna was able to purchase a laptop and was ready to go.

Deanna is proud of all she accomplished, but she is most proud of maintaining her 3.60 GPA and making the President's List. She graduated with Honors from Anoka Technical College in December 2020, and secured an interim contract working as a health director for Girl Scouts for the summer.

Public Assistance Programs

CMJTS provides employment services to individuals eligible for county assistance through DWP, MFIP, and SNAP Employment and Training. Participants are referred to CMJTS by their county of residence. Professional staff deliver comprehensive, work-focused services to participants designed to encourage and enable job-skill building, work experience, and employment. Various supports are provided, allowing participants to go to work and realize its benefit. This proven approach effectively increases income and reduces poverty while promoting self-esteem and independence.

Heidi had successfully worked as a store manager but lost her job when the store went out of business. Then the COVID-19 pandemic hit, and her employment options were more limited as she needed to be available to help her child with school and work on some personal development.

Now that things are returning to normal, Heidi decided to restart her career. She came to CMJTS with a positive attitude and the motivation to learn some new skills. Heidi attended virtual classes through CareerForce and polished up her job search skills. She worked with a CMJTS public assistance employment specialist (ES) and received services from the career lab to restructure her résumé, and quickly started securing job interviews.

Heidi accepted a teller position at CorTrust Bank. She said she loves her new job and its brand-new experiences while learning her role. Heidi shares she especially loves the opportunity to interact with people in her community. She felt the help she received in restructuring her résumé to highlight her skills was key to securing her job. And admittedly, she advises people in the same situation to keep going. Heidi states she feels so much better about her life now. "I've always enjoyed working. I'm glad life is back to normal."

Youth Programs

Youth programs provide leadership in building a skilled workforce–workers who can do the jobs of today and learn the jobs of tomorrow.

Through career counseling, job training, and strong business relationships, CMJTS helps prepare young adults for career pathways and the world of work that leads to meaningful employment.

Through an individualized approach, CMJTS' goal is to assist youth in overcoming barriers to employment and economic disparities that make them self-sufficient.

"My name is Shelby. CMJTS provided me with my first work experience at Bargains and Blessings, which taught me, "There's always an opportunity to learn something." Delina [CMJTS ES], my teacher, and I talked about other opportunities. I took the MNCareers assessment, which showed I had a lot of different interests. Delina shared with me about the Careers in Manufacturing course.

"When asked what was most helpful in working with CMJTS, I would have to say, "The best thing is that I got to do the manufacturing course." I believe that learning how things work will help me in gaining future employment. One impactful lesson I took through this course was the additive lesson. Although it was difficult, I found it very interesting.

"One of my goals would be to get a job in a manufacturing business. I would tell others, "Connect with CMJTS. They can help find a job and training to be successful." My situation has now changed as I have a pathway to follow. I thank Delina for her help with the work experience and training opportunities, and my teacher for her help and support as well. I am now working on registering for the test out to receive my manufacturing credential, along with completing my high school credits for graduation."

"The training grant funding improved my business by allowing us to grow our business capabilities and staff knowledge. We can now offer more services to our customers and have a greater number of staff with the competencies.

"This directly affects how quickly we can help our customers. It also improves staff morale because they have a more diversified skill set and less repetition within their workload.

"The grant encouraged our staff to grow professionally. They felt supported by their community and employer."

– Shelly Binsfeld, President
Rock Leaf Water Environmental

"CMJTS enhanced the competitiveness of the business greatly with CDL licensing as well as efficiency."

– Arcs & Sparks, Willmar

"Hope to see more hiring events in the future. It was nice to be able to come to the community in an already established event."

LAW ENFORCEMENT CONTRACT

THIS AGREEMENT made and entered on this _____ day of _____, 2023, by and between the COUNTY OF WRIGHT and the WRIGHT COUNTY SHERIFF, hereinafter referred to as "County" and the **[Insert City Name]** hereinafter referred to as the "Municipality".

WITNESSETH:

WHEREAS, the COUNTY has a statutory obligation to provide police services within Wright County; and

WHEREAS, the MUNICIPALITY has determined that it is in the best interests of the MUNICIPALITY to continue to contract with the COUNTY for law enforcement services, thereby allowing for the allocation of overhead and other administrative costs over a larger population; and

WHEREAS, the parties to this Agreement intend to contract for law enforcement services within the political boundaries of the MUNICIPALITY through the Wright County Sheriff; and

WHEREAS, the COUNTY is agreeable to rendering such services on the terms and conditions hereinafter set forth; and

WHEREAS, such contracts are authorized and provided for by the provision of Minnesota Statutes § 471.59 and Minnesota Statutes § 436.05;

NOW THEREFORE, pursuant to the terms of the aforesaid statutes, and in consideration of the mutual covenants herein contained, it is agreed as follows:

1. That the County by way of the Sheriff agrees to provide law enforcement services within the corporate limits of the Municipality to the extent and in the manner as hereinafter set forth:

    a. Except as otherwise hereinafter specifically set forth, such services shall encompass only duties and functions of the type coming within the jurisdiction of the Wright County Sheriff pursuant to Minnesota Laws and Statutes.

    b. Services purchased pursuant to this contract shall include enforcement of Minnesota State Statutes, including but not limited to the Traffic Code and the Criminal Code, as well as all local ordinances enacted in conformance therewith. Statutes and ordinances which prescribe enforcement by a different authority (i.e., the State Electrical Code, the Uniform Building Code) shall be excluded from this agreement. Ordinances pertaining exclusively to purely local city management matters shall be excluded from this agreement. Enforcement and prosecution of municipal ordinances are excluded from this agreement and the Municipality shall be responsible for enforcement and prosecution for any Municipal Ordinance Violations, except that the Sheriff may, when requested by a Municipality, issue a citation for an ordinance violation. Notwithstanding the aforementioned, the Sheriff in consultation with the County Attorney, may enforce and refer for prosecution to the County Attorney cannabis offenses, parking violations and petty offenses as outlined in paragraph 8.

2. The manner and standards of performance, the discipline of peace officers and employees, and other matters incident to the provision of services under this Agreement, and the control of personnel so employed, shall be subject solely to the control of the COUNTY. In the

event of a dispute between the parties as to the extent of the duties and functions to be rendered hereunder, or the level or manner of performance of such service, the determination thereof made by the Sheriff of the COUNTY shall be final and conclusive as between the parties hereto.

3. The COUNTY shall have full cooperation and assistance from the MUNICIPALITY, its officers, agents, and employees so as to facilitate the performance of this agreement. In order to facilitate a local presence of Sheriff's Deputies, the MUNICIPALITY shall, if requested by the COUNTY, provide a secure office for the Sheriff's Office Employees by having adequate space for two desks with chairs, limited public visibility, a local telephone line and an adequate internet connection with support as requested by the COUNTY. The MUNICIPALITY agrees to allow the COUNTY to install equipment or hardware necessary for the implementation and usage of squad or body worn cameras. The MUNICIPALITY shall allow a sign indicating the location of its Sheriff's substation with appropriate telephone numbers to be displayed on the exterior of the building.

4. That the COUNTY shall furnish and supply all necessary labor, supervision, equipment, communication facilities for dispatching, cost of jail detention, and all supplies necessary to maintain the level of service to be rendered herein.

5. All deputy sheriffs, clerks, and all other COUNTY personnel performing duties pursuant to this Agreement shall at all times be considered employees of the COUNTY for all purposes.

6. TERM

   a. The COUNTY shall commence the provision of Law Enforcement Services on January 1, 2024, and this Agreement shall remain in effect for a period of one (1) year, unless earlier terminated by operation of law or pursuant to the terms of this Agreement.

   b. This Agreement shall automatically renew for a period of one (1) year following the expiration of the initial one (1) year term and/or any renewal term.

   c. Any Party may terminate this Agreement during or prior to the renewal term by providing notice by September 15th of each year. Notice of termination that is timely delivered shall by effective at the end of the initial or renewal term on December 31st. The Parties may voluntarily terminate this Agreement at any time by mutual agreement.

7. CONTRACTED HOURS AND COMPENSATION.

   a. The minimum number of annual hours of service to be invoiced for licensed peace officers pursuant to this contract are [INSERT NUMBER] hours. The annual hours of service shall provide for 24-hour call and general service. The number of hours each month may vary due to special events, seasonal adjustments and the availability of the County's employees. The COUNTY shall notify the MUNICIPALITY in writing eighteen months prior any change in the minimum number of hours for any subsequent renewal term. In determining the minimum number of hours, the County Sheriff may consider the following factors of population, traffic, commercial districts, calls for service or input from the MUNICIPALITY.

b. The Municipality agrees to pay to the County the sum of $105.00 per hour for law enforcement services during the calendar year 2024. The hourly rate for the Law Enforcement Services in future years will be established by the COUNTY. Any increase in the hourly rate must be provided to the MUNICIPALITY no later than August 1st of each year.

c. The MUNICIPALITY agrees to pay to the COUNTY a lump sum of law enforcement assessment of _____ for law enforcement services and retention during the 2024 calendar year. The lump sum law enforcement assessment shall be payable in two payments on _____, 2024 and _____, 2024. Upon the request of the County Sheriff, the parties agree to renegotiate in good faith any further lump sum law enforcement assessments in the event economic conditions for law enforcement hinder the effective hiring and retention of Deputy Sheriff employees.

d. The COUNTY shall bill the MUNICIPALITY on a monthly basis for the provision of Law Enforcement Services under this Agreement. The MUNICIPALITY shall pay the amount required in accordance with the Prompt Payment of Local Government Bills statute, Minnesota Statutes § 471.425, as amended.

8. The County shall provide for all costs and prosecution efforts with the respect to violations of Minnesota State Statutes charged by the Sheriff in the performance of this agreement. County prosecution services do not include building code, electrical code, or any municipal ordinance violations. All fines arising from such prosecutions shall accrue to the COUNTY. Violations of building codes, electrical codes, and municipal ordinances excluded from enforcement by this agreement shall be prosecuted by the MUNICIPALITY at its expense. All fines arising from the city directed prosecutions shall accrue to the MUNICIPALITY unless otherwise provided by law. Notwithstanding the aforementioned, the County Attorney has the sole discretion to elect to prosecute cannabis offenses, parking violations or petty violations of a municipality's ordinances.

9. Pursuant to law, the Wright County Finance Director shall remit to the MUNICIPALITY its share of all fines collected. The Municipality shall return to the County within 30 days all fine money attributable to prosecutions initiated by the Sheriff in accord with Paragraph 8 of this contract. The MUNICIPALITY shall keep and retain any fine money submitted by the Wright County Finance Director attributable to prosecutions initiated by the MUNICIPALITY.

10. LIABILITY

A. During the initial and any renewal terms of this Agreement the COUNTY shall maintain general, automotive, and workers compensation coverage through the Minnesota Counties Intergovernmental Trust at the coverage limits provided.

B. The MUNICIPALITY shall not assume any liability for the direct payment of any salaries, wages, or other compensation to any of the COUNTY'S employees providing Law Enforcement Services to the MUNICIPALITY under this Agreement and the COUNTY hereby assumes said liabilities.

C. The MUNICIPALITY shall not be liable for compensation or indemnity to any of the COUNTY'S employees for injury or sickness arising out of their employment with the COUNTY and/or provision of the Law Enforcement Services to the MUNICIPALITY,

and the COUNTY agrees to defend, indemnify and hold the MUNICIPALITY harmless against any such claims.

D. To the fullest extent permitted by law, the COUNTY agrees to defend, indemnify and hold harmless the MUNICIPALITY, and its employees, officials and agents from and against all claims, actions, damages, losses and expenses, including reasonable attorney fees, arising out of the COUNTY'S performance or failure to perform its obligations under this Agreement, except as set forth below. The parties agree this indemnity obligation shall survive the completion or termination of this Agreement.

E. To the fullest extent permitted by law, the MUNICIPALITY agrees to defend, indemnify and hold harmless the COUNTY, and its employees, officials and agents from and against all claims, actions, damages, losses and expenses, including reasonable attorney fees, arising out of the MUNICIPALITY'S negligence or the MUNICIPALITY'S performance or failure to perform its obligations under this Agreement. The parties agree this indemnity obligation shall survive the completion or termination of this Agreement.

F. The MUNICIPALITY agrees to defend, indemnify and hold harmless the COUNTY, and its employees, officials and agents, for any claims related to the interpretation of or challenges to the validity of the MUNICIPALITY'S ordinances and building code enforcement.

G. Nothing in this Agreement shall constitute a waiver of the statutory limits on liability set forth in Minnesota Statutes, Chapter 466 or a waiver of any available immunities or defenses. Nothing herein shall be construed to provide insurance coverage or indemnification to an employee, official or agent of any Party for any act or omission for which the employee, official or agent is guilty of malfeasance in office, willful neglect of duty or bad faith. It is further understood that Minnesota Statutes, section 471.59, subd. 1a applies to this Agreement. To the full extent permitted by law, actions by the parties pursuant to this Agreement are intended to be and shall be construed as a "cooperative activity" and it is the intent of the parties that they shall be deemed a "single governmental unit" for the purposes of liability, all as set forth in Minnesota Statutes, section 471.59, subd. 1a(a); provided further that for purposes of that statute, each party to this Agreement expressly declines responsibility for the acts or omissions of the other party. For purposes of determining total liability damages, the parties are considered a single governmental unit and the total liability shall not exceed the limits on governmental liability for a single governmental unit as specified in Minnesota Statutes, section 3.736 or section 466.04.

11. GENERAL PROVISIONS.

A. Entire Agreement. This Agreement supersedes any prior or contemporaneous representations or agreements, whether written or oral, between the Parties and contains the entire agreement.

B. Assignment. The COUNTY may not assign this Agreement to any other person unless written consent is obtained from the MUNICIPALITY.

C. Amendments. Except as to the provisions for contracted hours and compensation under paragraph 7, any modification or amendment to this Agreement shall require a written agreement signed by both Parties.

D. Nondiscrimination. In the hiring of employees to perform work under this Agreement, the COUNTY shall not discriminate against any person by reason of any characteristic or classification protected by state or federal law.

E. Governing Law. This Agreement shall be governed by and interpreted in accordance with the laws of the State of Minnesota. All proceedings related to this Agreement shall be venued in Wright County, Minnesota.

F. Waiver. The waiver by either party of any breach or failure to comply with any provision of this Agreement by the other Party shall not be construed as, or constitute a continuing waiver of such provision or a waiver of any other breach of or failure to comply with any other provision of this Agreement.

G. Notices. All notices and other communications pursuant to this Agreement must be in writing and must be given by registered or certified mail, postage prepaid, or delivered by hand at the addresses set forth below:
