

BOARD MINUTES
BOARD OF WRIGHT COUNTY COMMISSIONERS

Tuesday, August 15, 2023

DATE APPROVED: September 5, 2023

Tina Diedrick, District 1
Darek Vetsch, District 2
Jeanne Holland, District 3
Nadine Schoen, District 4
Michael Kaczmarek, District 5

The Wright County Board met in regular session at 9:00 A.M. with Diedrick, Vetsch, Holland, Schoen, and Kaczmarek present.

Present and responding to roll call were the following:

Board of Commissioners:	Tina Diedrick
	Jeanne Holland
	Michael Kaczmarek
	Darek Vetsch
	Nadine Schoen

I. PLEDGE OF ALLEGIANCE

II. MINUTES - DISPENSE WITH READING, APPROVE AS WRITTEN/REVISED

A. Approve Wright County Board Minutes

1. County Board Meeting (08-01-2023)
2. County Board Workshop (08-08-2023)

Commissioner Tina Diedrick moved to approve the Tuesday, August 1 and the Tuesday, August 8 board minutes. The motion was seconded by Commissioner Jeanne Holland. The motion passed 5-0.

Aye: 5; Nay: 0; Abstain: 0; Absent: 0; Recused: 0

B. Approve Wright County Board Committee Minutes

1. Aggregate Tax Committee (07-26-2023)
2. Personnel Committee (08-01-2023)
3. Committee of the Whole- Wright County Economic Development Partnership (08-08-2023)

Commissioner Mike Kaczmarek moved to approve the Wednesday, July 26, Tuesday, August 1, and Tuesday, August 8 committee minutes. The motion was seconded by Holland. The motion passed 5-0.

Aye: 5; Nay: 0; Abstain: 0; Absent: 0; Recused: 0

III. REVIEW & APPROVAL OF AGENDA

Kaczmarek asked to move recommendations relating to the Sheriff's US Bank contract and the Expedition Services contract to timed items. They have been added to the timed agenda under items F2 and F3.

Kaczmarek moved to approve the agenda with the addition of timed items F2 and F3. The motion was seconded by Holland. The motion passed 5-0.

Aye: 5; Nay: 0; Abstain: 0; Absent:0; Recused: 0

IV. CONSENT AGENDA

Diedrick moved to approve the Consent Agenda. The motion was seconded by Kaczmarek. The motion passed 5-0.

Aye: 5; Nay: 0; Abstain: 0; Absent:0; Recused: 0

A. ATTORNEY

1. Request Chairperson to Sign Joint Powers Agreements with Monticello Township, Southside Township and the City of South Haven for the Enforcement and Regulation of Cannabis.

B. FINANCE & TAXPAYER SERVICES

1. Acknowledge Warrants Issued between July 26, 2023, and August 8, 2023.
2. Motion to Approve the Reimbursement of the American Rescue Plan Act (ARP) Funds as Follows:
Approval of Use of ARP Funds from 01-099-493
\$139.80 2.34 Aid to Nonprofit Organizations- 4-H
\$11,783.35 1.7 Capital Investment-Customer Flow Management System

C. HIGHWAY

1. Approve Joint Powers Agreement (JPA) with Sherburne County for the Design & Construction of Safety Improvements at Various Intersections in Sherburne and Wright Counties.

D. PROJECT ADMINISTRATION

1. Approve the Following Grant Application: SHF-002 Sheriff's Office Employee Retention (\$1,500,000)
Approve a \$2,011.61 Increase to WC-007 Customer Flow Management System Program and Grant. The Project was Originally Estimated / Approved for \$130,000, but Actual Project Costs Were Slightly Higher. Unallocated ARP-SLFRF Funds Are Available to Cover This Increase and This Action is Recommended by the ARP Committee.

E. SHERIFF

1. Approval to e-sign the MN DOC Work Release Contract.
2. Approve and Submit Authorization Signatures on the 2022 Emergency Management Performance Grant (EMPG Grant), Eff. 1/1/2022 – 12/31/2022, \$67,633.00.

V. TIMED AGENDA ITEMS**A. 9:02 AM MARC MATTICE, ADMINISTRATION**

1. Approve Recommendation from The Wright County Aggregate Tax Committee and Authorize Staff to Execute Contracts

Assistant County Administrator Marc Mattice said that the Aggregate Tax Committee was formed about a year ago and includes representatives from two Wright County townships, one Wright County city and two commissioners. Aggregate tax has been collected since the early 2000s and there is currently \$120,000 in funds to be granted to local area projects. The committee received and reviewed seven applications and are recommending funding for the following five projects:

Wright County Parks & Recreation- \$30,000 for Bill Anderson Memorial Park gravel pit reclamation.

City of Monticello- \$30,000 for wastewater treatment plant turf conversion
Buffalo-Hanover-Montrose Schools- \$30,000 for Northwinds Elementary turf conversion.

City of Clearwater- \$10,000 for stormwater ponds turf to natural grass conversion.

Maple Lake Improvement District- \$20,000 for water improvement structure

Mattice said that each grant agreement would have a 24-month timeframe and next year the committee will make a change to the application process to include a maintenance plan.

Kaczmarek moved to approve the Aggregate Tax Committee recommendations. The motion was seconded by Diedrick. The motion passed 5-0.

Aye: 5; Nay: 0; Abstain: 0; Absent:0; Recused: 0

B. 9:07 AM LINDSEY MEYER, FINANCE & TAXPAYER SERVICES

1. Review of Service Agreement Between Wright County Finance & Taxpayer Services and Independent School District 877 for Absentee Balloting.

Election Manager Tyler Webster said that Wright County will be entering into an agreement with School District 877 to provide absentee balloting for its upcoming levy election. Previously Wright County charged districts \$6.50 per ballot processed, the rate will be increased to \$7.25 due to inflation and an increase in postage costs. This is an optional service that the county is not required to provide, but the Finance & Taxpayer Services Department believes it is a great service to provide to the school districts and constituents.

Commissioner Darek Vetsch clarified that school districts have the ability to collect ballots on their own, but this is something that Wright County has the expertise and training to facilitate in-house. Also, a fee is only charged when there is a special election, Wright County does not charge for a general election.

Commissioner Nadine Schoen moved to approve the service agreement between Wright County Finance & Taxpayer Services and Independent School District 877 for absentee balloting. The motion was seconded by Holland. The motion passed 5-0.

Aye: 5; Nay: 0; Abstain: 0; Absent:0; Recused: 0

C. 9:12 AM VIRGIL HAWKINS, HIGHWAY

1. Approve Transportation Committee of the Whole (TCOTW) Meeting Minutes from the Tuesday, July 25, 2023 Meeting and Act on Recommendations

Highway Engineer Virgil Hawkins recapped the minutes and recommendations from the July 25 TCOTW.

Kaczmarek thanked Hawkins and said that he received public feedback that constituents have been happy with the weed control being facilitated by the Wright County Highway Department.

Diedrick moved to approve the TCOTW meeting minutes and act on the recommendations. The motion was seconded by Schoen. The motion passed 5-0.

Aye: 5; Nay: 0; Abstain: 0; Absent:0; Recused: 0

2. Approve Resolution Requesting a Variance from Standard for State Aid Operation for the Franklin Township Bridge Replacement Project (Eastwood Avenue).

Hawkins said that this is a project where Wright County is the fiscal agent for Franklin Township. This request came from the township engineer and the existing bridge approach does not meet current standards. To meet current standards, there would be significant right-of-way costs and impact to wetlands. The township engineer will attend a Minnesota Department of Transportation (MnDOT) variance meeting to get approval.

Kaczmarek said that he supports the resolution and that this seems like a good deal for the township. It will be paying a minimal cost and the rest will be covered by the grant.

Kaczmarek moved to approve adopting a resolution requesting a variance from standard for state aid operation for the Franklin Township bridge replacement project. The motion was seconded by Diedrick. The motion passed 5-0.

Aye: 5; Nay: 0; Abstain: 0; Absent: 0; Recused: 0

D. 9:30 AM PUBLIC HEARING- ORDINANCE 23-3 REGULATE ADULT CANNABIS USE IN PUBLIC PLACES TO MITIGATE THREATS TO PUBLIC HEALTH

1. Approve Ordinance 23-3 and Adopt Resolution to Regulate Adult Cannabis Use in Public Places to Mitigate Threats to Public Health.

County Attorney Brian Lutes introduced Public Health Director Sarah Grosshuesch and Assistant County Attorney Rachel Pence. Lutes said that there are holes in the cannabis legislation that went into effect on August 1, 2023. The legislation makes certain behaviors unlawful but does not prescribe a punishment or criminal penalty. The State of Minnesota has authorized local governments to pass their own ordinances. Wright County wants to maintain the current quality of life and avoid the prevalent smell of marijuana in public and, in order to do so, Lutes recommends passing an ordinance making marijuana use in public a petty misdemeanor.

Grosshuesch presented a PowerPoint to the board with Public Health's justification in support of the ordinance. Grosshuesch said that cannabis is still federally illegal and that there is not as much information available as tobacco. The threats to public health include secondhand exposure, normalized behavior, public impairment, and unintentional ingestion by children. Packaging safeguards have not been enforced and that will take time to correct. Hennepin County released data pertaining to substance misuse. In 2022, cannabis non-fatal overdoses had an incredible spike in annual emergency room visits.

Pence said that the newly passed law decriminalizing use, possession, and home grow of cannabis in Minnesota for people age 21 and older outlines what a person may possess, where they may possess it and where they may use it consistent with the Minnesota Clean Indoor Air Act. Cannabis use is prohibited in any public place that prohibits cigarette smoking, public schools, state correctional facilities, and any location where smoke, aerosol or vapor would be inhaled by a minor. Adult cannabis use is not prohibited at private residences, private property or at establishments or events licensed for on-site consumption. Under the new law, local governments are permitted to adopt ordinances establishing a petty misdemeanor offense for a person who unlawfully uses cannabis in a public place. Ordinance 23-3 matches state law, specifically it provides definitions and prohibitions consistent with the new law and serves as an enforcement mechanism for illegal use of cannabis in public places countywide.

Assistant County Attorney Greg Kryzer said that Monticello had reached out and stated that they had no comment. Vetsch said that during the Clearwater City Council meeting, Clearwater did not have comment for the record. Kaczmarek said that Woodland Township supports the ordinance and will follow through with the Joint Powers Agreement (JPA).

Vetsch opened the meeting for public comment at 9:42 a.m.

James Theisen, resident of Monticello, said that he has been in the bar business for 35 years, owning Flintstones in Clearwater and Bedrock in South Haven. Theisen thanked the county for its work and said that he is 100 percent against legalizing cannabis as both a bar owner and a grandparent. Theisen said that he doesn't want cannabis to be smoked out in front of his bars and wants to make sure that residents understand that Wright County is a clean air county.

City Administrator of Saint Michael, Steve Bot, said that the consistency county-wide is very important, he appreciates the County's work on this ordinance, and Saint Michael is in support. Bot asked how to address use of cannabis with minors. Lutes said that is another hole in the legislation. The statute makes it clear that under 21 use is unlawful but there is no criminal penalty attached. Wright County has the ability to make under 21 use a petty misdemeanor but cannot create a higher penalty. Vetsch asked if Wright County had the latitude to create a diversion program that may be more beneficial than a petty misdemeanor. Kryzer said that the problem is that it is only a petty misdemeanor, which is the equivalent of a speeding or seatbelt ticket. The county could create a diversion program, but an offender would be able to get out of the program by paying an \$80 fee. If it were a misdemeanor, it would be more feasible. Lutes said that the attorney's office is currently exploring options to refer an offender to a class for a reduced or eliminated fine. Diedrick asked to clarify if Wright County has the ability to write a ticket for a petty misdemeanor and Lutes confirmed that is correct.

Jami Goodrum, resident of Buffalo, stated her support of ordinance 23-3 as a Wright County resident and grandmother of two children who attend Wright County schools. Goodrum also said that she is the Director of Health & Human Services (HHS) for Wright County. HHS is also in favor of Ordinance 23-3. The two largest areas of children entering Child Protective Services (CPS) and foster care are from parental neglect and substance use. HHS would potentially be looking at higher caseloads and other related impacts should the use of cannabis become more of an issue than it already is.

Terry Weese, resident of Buffalo Township, said that he is in support of Ordinance 23-3 and asked for clarification on acceptable use of cannabis. Weese asked if someone is smoking cannabis at a bar and has an accident on their way home, will the bar be at all responsible. Vetsch said that if this ordinance is passed, smoking wouldn't be allowed in an outdoor area without an on-premises license.

Peggy Skessel, resident of Buffalo, asked why is the punishment only a petty misdemeanor instead of a felony. Vetsch said according to the state statute, Wright County is not able to enforce a penalty harsher than a petty misdemeanor. Skessel asked what would happen if someone were to smoke on their neighbor's property. Kryzer said that the ordinance would not apply, because the neighbor's property is private. The ordinance applies to public places and places of public accommodation where the public would generally visit or be invited.

The public hearing closed at 9:55 a.m.

Diedrick thanked everyone for their hard work and supports the ordinance moving forward. Vetsch said he appreciates all of the information that Public Health provided. The perception of normalcy as well as the potential exposure demonstrate a good finding for a public health risk, making this ordinance necessary and viable.

Kaczmarek moved to approve Ordinance 23-3 to regulate adult cannabis use in public places. The motion was seconded by Holland. The motion passed 5-0.

Aye: 5; Nay: 0; Abstain: 0; Absent:0; Recused: 0

Diedrick moved to adopt a summary resolution adopting Ordinance 23-3 to regulate adult cannabis use in public places. The motion was seconded by Kaczmarek. The motion passed 5-0.

Aye: 5; Nay: 0; Abstain: 0; Absent:0; Recused: 0

E. 9:40 AM RYAN FERGUSON, SHERIFF

1. Request Approval and Adopt Resolution of Support to Apply for a Grant Through the Emergency Communications Network for the Purchase of Four Dispatch Consoles.

Captain Ryan Ferguson said that as a sub-recipient of this grant, he was not aware that a resolution was needed before applying and that the Sheriff's Office is currently under a tight deadline for application. Ferguson would like to have further conversation with the 911 Committee to receive a recommendation, but a resolution is currently necessary to meet the deadline to move forward with the application process. Vetsch said that Ferguson's request is fair and necessary.

Diedrick moved to approve and adopt a resolution of support to apply for a grant through the Emergency Communications Network for the purchase of four dispatch consoles. The motion was seconded by Schoen. The motion passed 5-0.

Aye: 5; Nay: 0; Abstain: 0; Absent:0; Recused: 0

F. 9:45 AM MATTHEW TREICHLER, SHERIFF**1. Requesting Board Approval to Sign the Oracle Contracts to Continue the Next Phase of RMS Design and Implementation**

Chief Deputy Matt Treichler said that about 18 months ago, with County Board approval, the Sheriff's Office began working with Oracle to develop a new Record Management System (RMS) system that also included body cameras and a new squad camera. The Sheriff's Office has currently reached the third phase of the process, which would allow for work in the testing environment of the software. As part of the agreement, there is no obligation to continue with Oracle if things do not go well, but it is part of the process in order to see the next phase. This software system affects Wright County's law enforcement partners, who are sharing the same system moving forward. Three of the five partners have already signed on to move onto the testing phase.

Schoen asked because this is experimental, is there a timeline where the Sheriff's Office would need to start paying? Treichler said that there is a five-year window once the go-live date starts with zero cost. After five years, there will be a cost associated. Vetsch asked if that cost was an annual maintenance licensing fee, not a back charge on any capital expense.

Holland asked if at any time Wright County decides to cut ties with Oracle, who owns the data? Treichler said that the data belongs to the county. Holland said that an issue that has been brought up to her from constituents is Oracle's hiring of a former Wright County Deputy. There have been past issues related to decision-making and Holland asked how much involvement the former deputy will have. Diedrick objected to the comments directed toward the former employee and stated that as a board, focus needs to be on the contract and implementation, not on past relationships. Treichler said that person is not involved in the design process with Wright County. The county is in the driver's seat as far as what the Sheriff's Office wants and what will work best.

Vetsch said that as with everything you go into in business, there is risk. But looking at risk versus reward, he supports moving forward with phase three and appreciates the work put in from the Sheriff's Office.

Diedrick moved to approve signing the Oracle contracts to continue the next phase of RMS design and implementation. The motion was seconded by Schoen. The motion passed 5-0.

Aye: 5; Nay: 0; Abstain: 0; Absent: 0; Recused: 0

2. *US Bank Contract

Vetsch said that in response to US Bank Stadium, he would like to propose a compromise of \$95 per hour for the remainder of the season and address the rate of \$105 per hour to be negotiated as of January 1, 2024. Diedrick asked if by negotiating at the higher rate, would there be an impact to the positions offered to Wright County deputies for overtime. Treichler said not to his knowledge.

Kaczmarek said that the board voted to raise the rate to \$105 per hour and the Sheriff proposed a rate of \$95 per hour. The Minnesota Sports Facilities Authority (MSFA) would like to keep the rate of \$86 per hour through the end of the year, which would be a difference of \$29,200. Wright County just told the cities that their rate would be \$105 per hour, which was voted on by the board, which is showing them that this is going back to the old way to let someone that has a contract determine the rate and when they want it to go into effect. There is still an option to terminate the contract with a 30-day notice if an agreement is not met. Sheriff Sean Deringer said that the rate of \$105 for the cities does not go into effect until 2024. Currently a JPA is in place with US Bank Stadium through the current football season. After January 31, 2024, there is a period of time to renegotiate the rate and that is what the Sheriff's Office is looking to do based on input from the board.

Vetsch said that this is a situation where it's all or none, unless both parties agree on a rate. The rate of \$105 would be better incorporated for next season, but Wright County could propose a lesser rate of \$95 through the end of the current season.

Kaczmarek moved to approve a rate of \$95 per hour with US Bank Stadium through the end of the 2023/2024 football season. If US Bank Stadium does not agree to the amended rate, Wright County will exercise the 30-day exit clause. The motion was seconded by Holland. The motion passed 4-1 with Diedrick opposing.

Aye: 4; Nay: 1; Abstain: 0; Absent:0; Recused: 0

3. Expedition services

Kaczmarek said that in a previous budget season, the board had talked about Expedition Services and were told that it was a retired FBI agent that was teaching firearms at the Training Center. Upon reviewing the claims, the fee for Expedition Services went up from \$6,963 to \$7,200 and 2024's professional services budget would be increased \$20,000. Kaczmarek asked if this included a pay raise for Expedition Services and said that the board has not seen a contract for them. Deringer said that there has only been a verbal agreement, nothing in writing. Kaczmarek said that he would like to see a written contract. Deringer asked if it would be county staff time to put the agreement together. Assistant County Administrator Clay Wilfahrt said that a written agreement is currently not required in the policy, but one could be put together, and the policy could be reviewed moving forward. Deringer said that he is fine with having a contract on paper.

Kaczmarek said that he would like to see a charge per hour for accountability purposes. Deringer said that Expedition Services took 2,080 hours, subtracted three weeks of vacation, and charges \$45 per hour. It is a bargain and he only charges for the hours that he is here.

G. 9:48 AM MATT DETJEN, PARKS & RECREATION

1. Review a Petition for Partial Abandonment of County Ditch #31 and Schedule a Public Hearing Per Minnesota Statute 103E.806

Agriculture and Drainage Coordinator Matt Detjen said that Wright County has received a petition for partial abandonment of Lateral #2 of County Ditch #31 (CD31). As part of state statute, Wright County is required to schedule a public hearing. Kaczmarek suggested having an evening meeting, based on feedback received from multiple members of the public. Vetsch said that it gets challenging because it sets a very different precedence if you start to accommodate schedules for every different petitioned item. Kryzer offered the option of making the public hearing available to attend virtually. Lutes confirmed if an attorney was needed for an evening meeting, the Attorney's Office would be able to provide one.

The public hearing for CD31 has been scheduled for 5 p.m. Wednesday, September 20

Kaczmarek moved to schedule a public hearing on CD31 for 5 p.m. Wednesday, September 20. The motion was seconded by Holland. The motion passed 5-0.

Aye: 5; Nay: 0; Abstain: 0; Absent:0; Recused: 0

2. Review MnDOTs request to make in-kind culvert replacements along I-94 and County Ditch #33

Detjen said that the Minnesota Department of Transportation (MnDOT) has made a request to multiple in-kind culvert replacements along I-94 on County Ditch #33 (CD33) in Monticello. Statue stated that a public hearing is not required since the replacements are in-kind. Detjen said that this is somewhat of a formality and MnDOT has confirmed that benefited landowners will not incur costs from the replacement.

Diedrick moved to approve MnDOT's request to make in-kind culvert replacements along I-94 and CD33. The motion was seconded by Holland. The motion passed 5-0.

Aye: 5; Nay: 0; Abstain: 0; Absent:0; Recused: 0

3. Approve the Findings and Order Directing a Repair to Wright County Ditch 31 Pursuant to Minn. Stat. § 103E.715

Vetsch said that the County is looking to take formal action, based on findings from the Tuesday, July 25 board meeting.

Kryzer said pursuant to the board's direction, after the public hearing on County Ditch #31 (CD31), a proposed resolution was drafted taking into consideration public comment. Wright County would proceed with phase two repairs between stations 106 plus 75 to 186 plus 96. Nothing would happen upstream of the culvert on Fillmore Avenue, the Minnesota Department of Natural Resources (MNDNR) does not want to proceed with the best management water practices control issue that the engineer thought would benefit the lake. With the MNDNR's objection, the best practice management tool has been removed. The contract has been awarded to the lowest bidder, Ashwell Companies.

Kaczmarek asked if the county could make sure that the slopes are to specs on the phase two work, insuring they are not too steep to spray, based off public feedback.

Kaczmarek moved to approve the findings and order directing a repair to Wright County CD31. The motion was seconded by Schoen. The motion passed 5-0.

Aye: 5; Nay: 0; Abstain: 0; Absent:0; Recused: 0

H. 10:00 AM BARRY RHINEBERGER, PLANNING & ZONING

1. Approve and Adopt Resolution Requiring Property Divisions Within the Zoning Authority of Wright County be Approved by the Planning and Zoning Department Prior to Recording of the Transfer Document(s).

Planning and Zoning Administrator Barry Rhineberger said that currently, Subdivision Ordinance 154 requires approval of all divisions, however recording statutes are set up that if a document is sufficient to record, the Recorder's Office is required to record it. Statue 272 allows the county to adopt a resolution requiring Planning and Zoning approval, within its jurisdiction, prior to the document being recorded. This gives the Recorder's Office the right to deny a deed if it's a transfer document that results in a division prior to recording.

Schoen moved to approve and adopt a resolution requiring property divisions within the zoning authority of Wright County to be approved by the Planning and Zoning Department prior to recording the transfer documents. The motion was seconded by Holland. The motion passed 5-0.

Aye: 5; Nay: 0; Abstain: 0; Absent:0; Recused: 0

VI. ITEMS FOR CONSIDERATION

A. COMMITTEE RECOMMENDATIONS

1. Approve and Adopt Recommendations from the August 1, 2023 Personnel Committee

Vetsch gave a summary of the recommendations. Additional discussion was had on the co-responder program. Vetsch said that there was discussion as to whether the Sheriff's Office would be moving forward on the co-responder program with HHS and it was confirmed that they will be. Kaczmarek said that he also asked about balancing time tracking if time is not spent on the co-responder initiative and HHS seems to have that figured out. Also, when or if the grant money runs out, both departments will come back to the board for review of this position.

Kaczmarek moved to approve the Personnel Committee recommendations. The motion was seconded by Schoen. The motion passed 5-0.

Aye: 5; Nay: 0; Abstain: 0; Absent:0; Recused: 0

2. Approve and Adopt Recommendations from the August 8, 2023 County Board Workshop

Diedrick moved to approve the Workshop recommendations. The motion was seconded by Schoen. The motion passed 5-0.

Aye: 5; Nay: 0; Abstain: 0; Absent:0; Recused: 0

3. Approve and Adopt Recommendations from the August 8, 2023 Committee of the Whole- WCEDP

Kaczmarek moved to approve the Committee of the Whole recommendations. The motion was seconded by Holland. The motion passed 5-0.

Aye: 5; Nay: 0; Abstain: 0; Absent:0; Recused: 0

VII. ADVISORY COMMITTEE / ADVISORY BOARD UPDATES

Mike Kaczmarek

The County Fair Board met and said that the fair was successful. Attendance was up and the commissioner attendance was appreciated. He attended an All-Safe Schools meeting.

Nadine Schoen

Busy with events in the community. Saint Michael Days and Knights, Rockford River Days, Hanover Harvest Fest, and Crow River BMX Nationals in Saint Michael.

Jeanne Holland

Attended Saint Michael Days and Knights and Central Minnesota Jobs and Training conference in Duluth, which was a very good and informative weekend.

VIII. ADJOURNMENT

The meeting adjourned at 10:53 a.m.

IX. WARRANTS ISSUED

A. Warrants Issued

County Board Minutes submitted by Caitlin Chovan, Administration Office Manager
